ARIHANT GROUP

CORPORATE PRESENTATION

Driven by Technologies and Engineering Skills

FOUNDER'S MESSAGE

"At Arihant Electricals, we've been delivering innovative electrical and electronic solutions for over three decades. Our journey is rooted in a passion for innovation and excellence. With a dedicated team and a focus on customer satisfaction, we redefine industry standards. As we grow, we invite you to learn more about our story."

- ✓ First Generation Entrepreneur
- ✓ Founded Arihant Group in 1987
- ✓ Visionary and sharp business acumen
- ✓ Strengthened culture of innovation
- ✓ Explored new markets and extended the brand's product portfolio

MR. AMIT JAIN
FOUNDER & CEO

COMPANY OVERVIEW

ARIHANT GROUP

Arihant stands out as a long-experienced Indian expert with **turnkey project execution** capability. We are a preferred choice of international giants for their business ventures in niche and mass markets. With a state-of-the-art R&D center and manufacturing facility spanning **20,000 sq ft** and a team of 160 highly qualified personnel, we ensure uncompromised quality.

Arihant Group is **headquartered in Delhi NCR, India**. Our well-trained team closely serves customers through 18 sales offices across India. The group generated a revenue of **34 million USD in 2023-2024**.

ARIHANT GROUP OF COMPANIES

ARIHANT ELECTRICALS

Arihant Electricals is a technology-driven company with nearly **four decades of expertise** in providing innovative solutions for diverse industries. We cater to diverse industries, earning the trust of customers, scientists, designers, and engineers alike.

- Design and Engineering
- Projects and Solutions
 - Power Electronics
 - Electricals and Electromechanicals for Railways Defense
 - Aerospace
 - IoT
 - Power and Energy
- Manufacturing
- Components Distribution (Electronics, Semiconductors and Electricals)

ARIHANT ELSYS PVT LTD.

Arihant Elsys Pvt Ltd provides **industrial automation, safety, control, and process instrumentation products & solutions**. With skilled engineers and programmers, we cater to complex customer needs, making us a leading solution provider in these areas.

- Distribution of Automation and Process control Products
- Projects and Solutions
 - Power T&D
 - Metal
 - Material Handling
 - Control Systems

VISION

To become a prominent **global player in engineering and technology company** by delivering innovative and efficient solutions, alongside high-quality electronic components.

MISSION

To be **a leader in engineering solutions** for industry through:

- Deeper and meaningful partnerships with our customers and suppliers.
- Customer satisfaction through outstanding quality, service, and competitive costs.
- Enhancing the technical capability of the team to bring innovative engineering solutions.

FUTURE ROADMAP

Expansion of Global Reach

Increase international presence through strategic partnerships, aiming to achieve 20% of total revenue from exports.

Innovation and R&D

Invest in cutting-edge research and development to drive innovation in power, control, sensing and automation.

Digital Transformation

Integrate advanced digital tools to streamline operations and enhance organizational efficiency.

Infrastructure Enhancement

Expand and upgrade manufacturing facilities to double production capacity within two years.

Talent Development

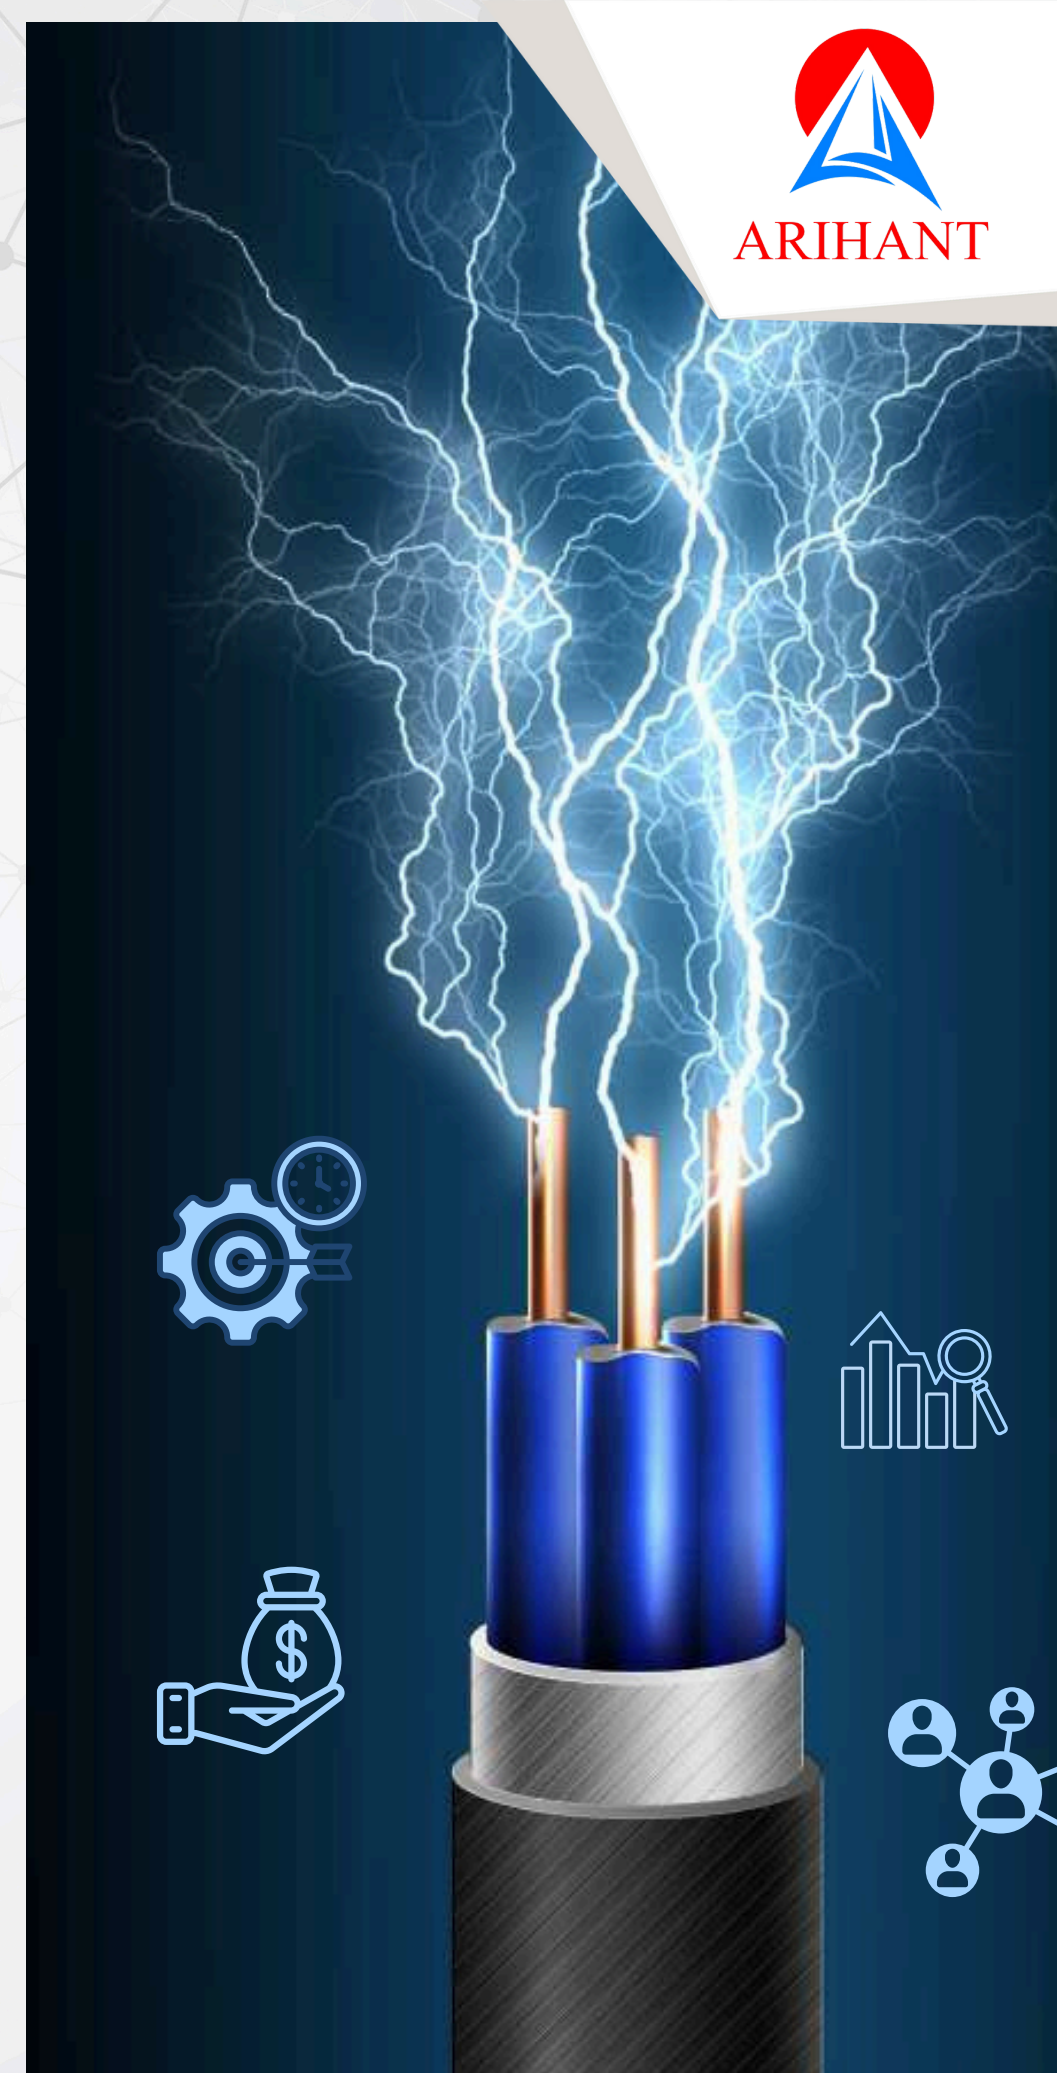

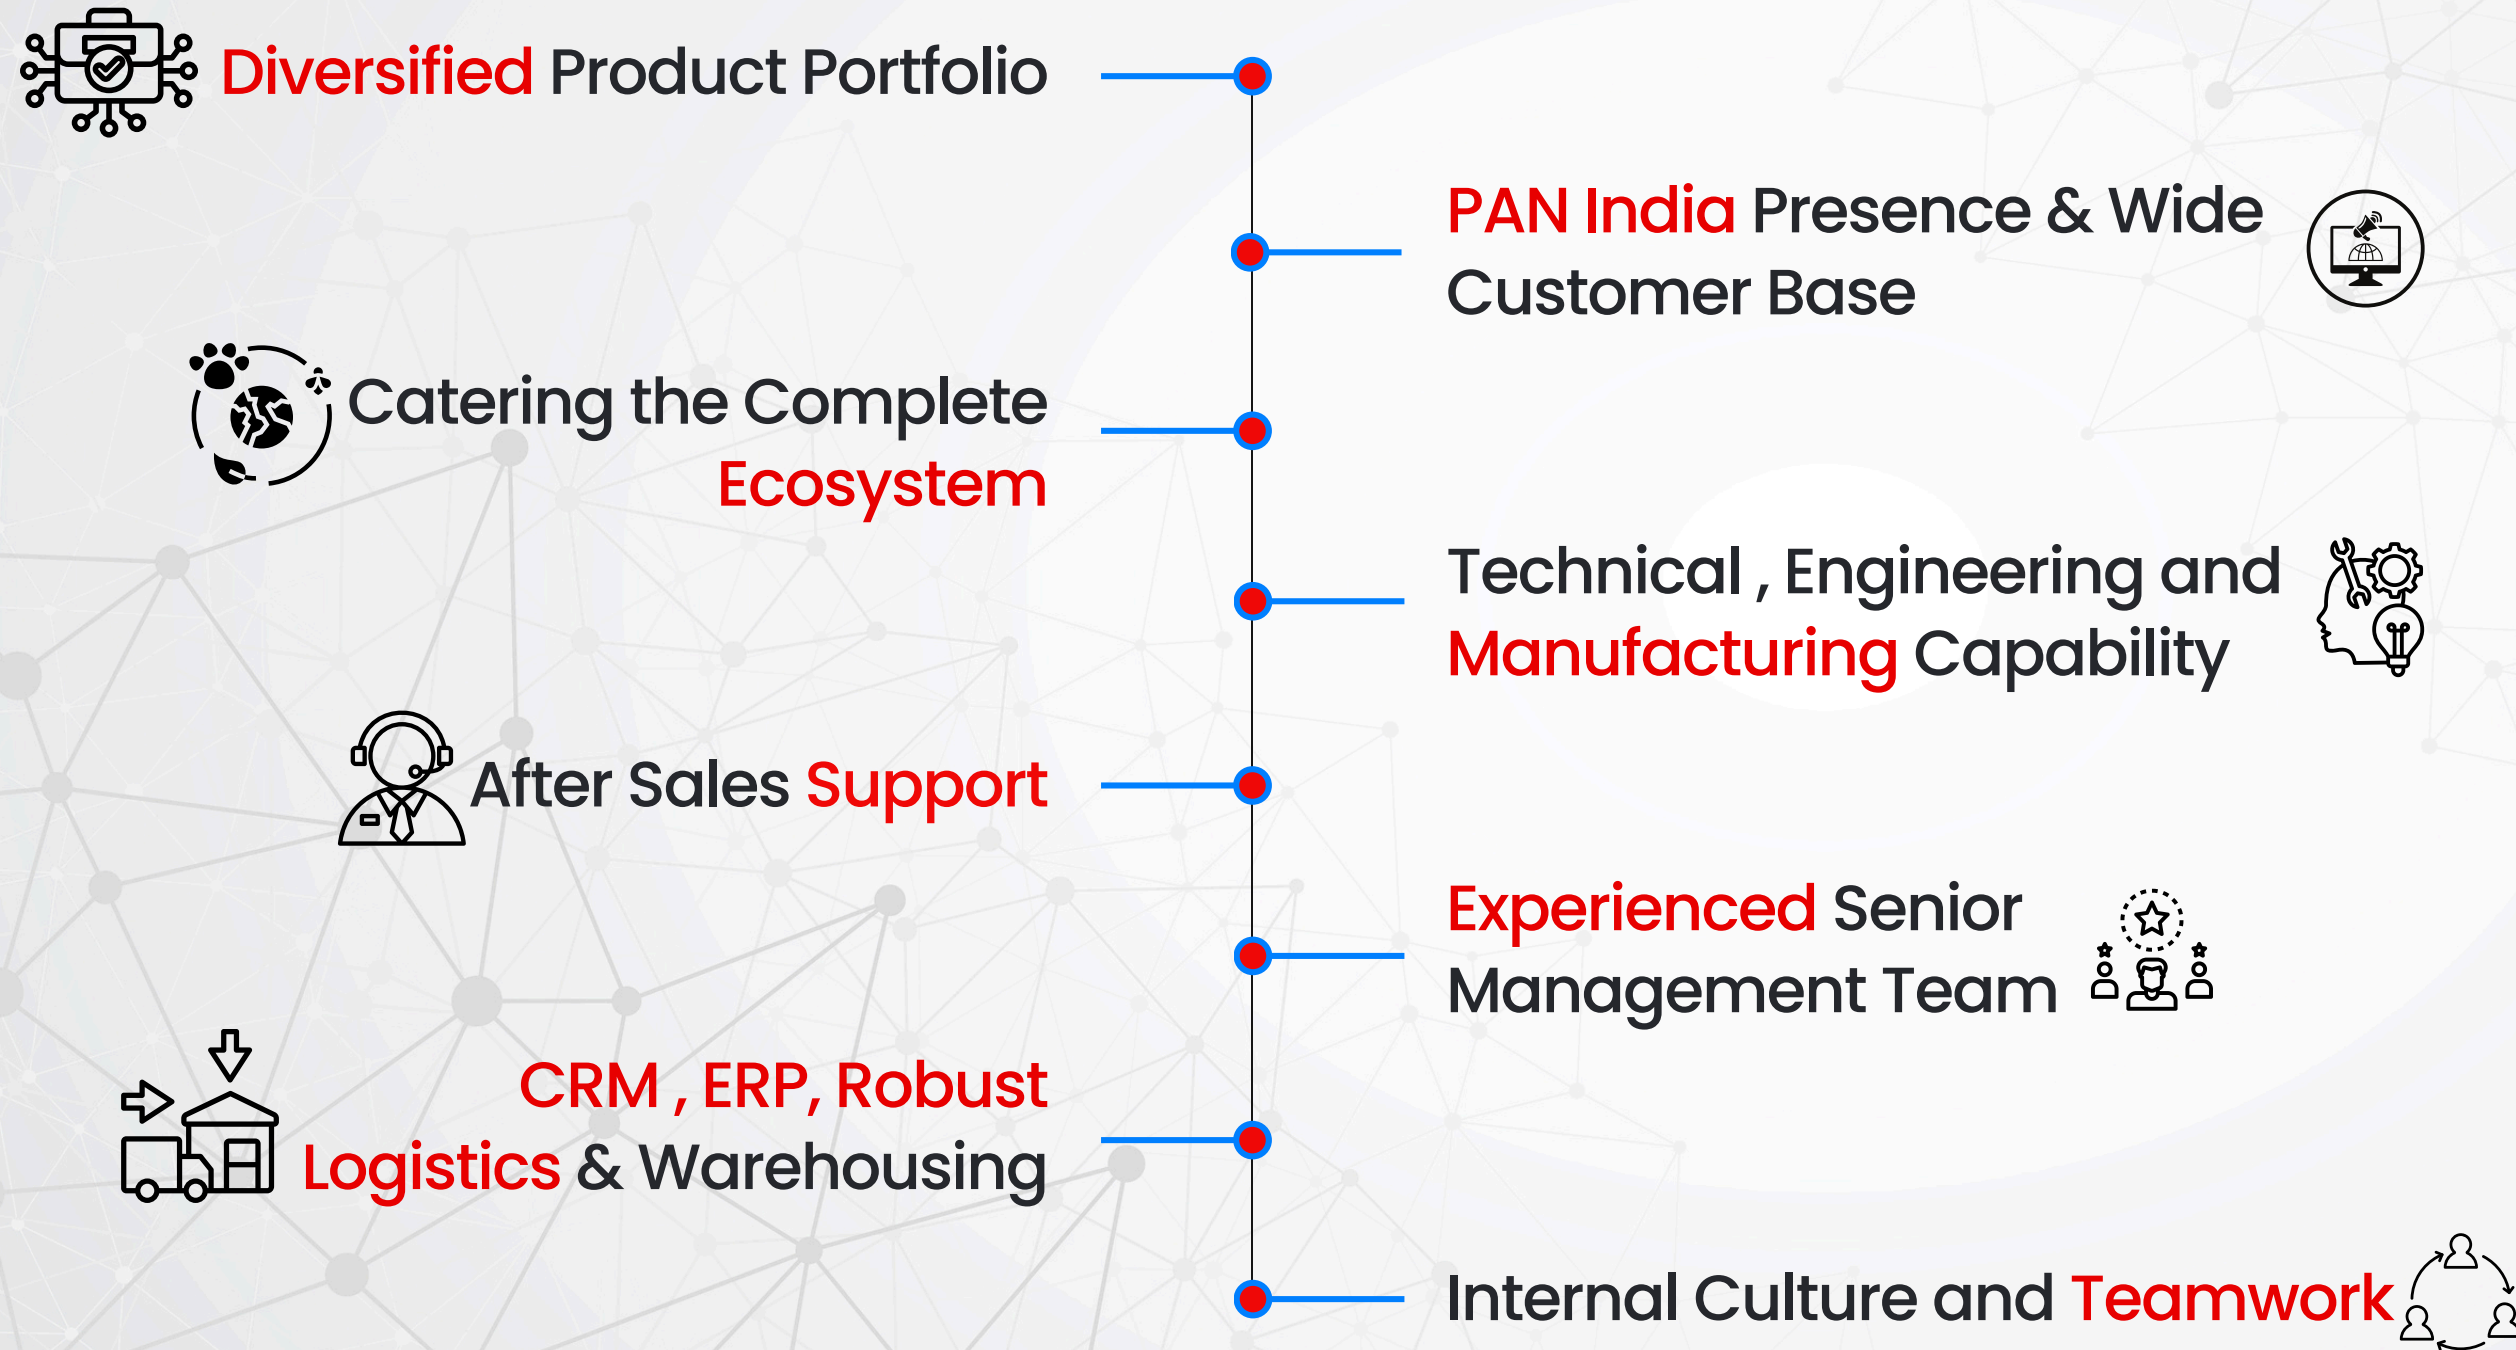

Invest in employee training programs to equip them with the latest technologies and skill sets.

ESG

Set measurable ESG goals and regularly track progress to ensure continuous improvement and alignment with global sustainability standards.

OUR JOURNEY & ACHIEVEMENTS

FOUNDING AND PIONEER YEARS

1987

Founded Arihant Group. Launched AEG, Ferraz, and Telemechanic in India.

1989

Arihant Elsys formed. First branch office opened in Bokaro.

1992

Played a key role in the modernization of SAIL steel plants. Formed a separate division for Railways.

1998

Expanded footprint across PAN India.

2008

Executed projects in Kenya & Tanzania. Completed the erection and commissioning of a rolling mill.

TRANSFORMED INTO DESIGN, ENGINEERING & MANUFACTURING ORGANIZATION

2010

Developed a gear drive system for semi-high-speed trains for Indian Railways. Began manufacturing armchair-controlled desks.

2012-13

Started the Vietnam project with Formassa Steel Plant. Introduced a separate vertical for defense.

2016

Added verticals in solar, chemicals, oil and gas, and hydraulics. Diversified and grew inorganically.

2018

Executed the alumina project handling at NALCO, Orissa.

2019

Commenced manufacturing operations.

2022

Completed a complex project for DRDO.

2023

Secured a major project from BHEL for Kolkata Metro.

2024

Approved by Indian Railways for multiple products.

OUR BUSINESS VERTICALS

Our business operates across 4 key domains:

1

Component
Distribution

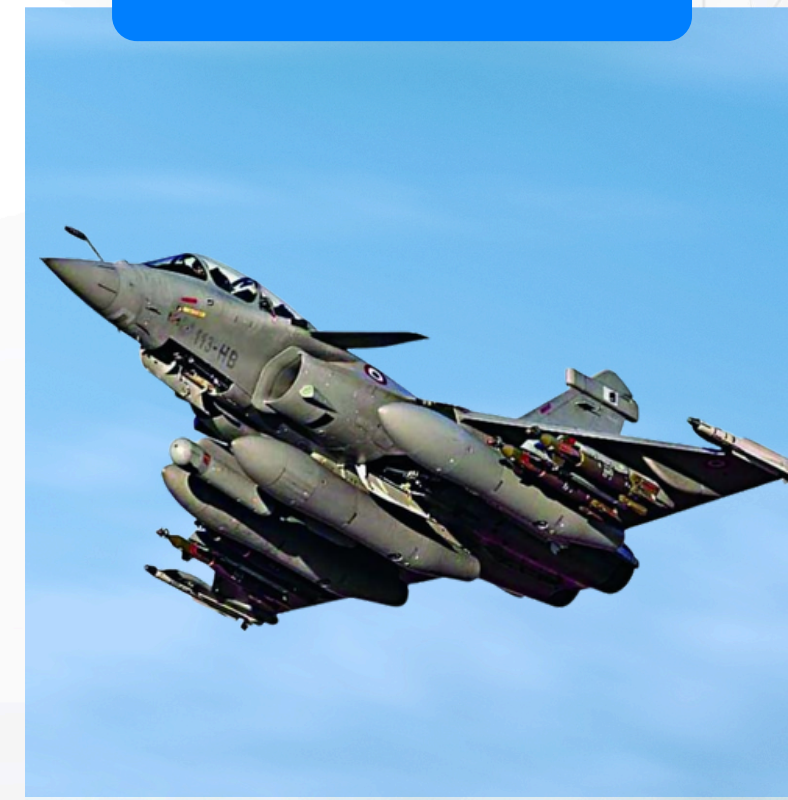

2

Railways

3

Defence

4

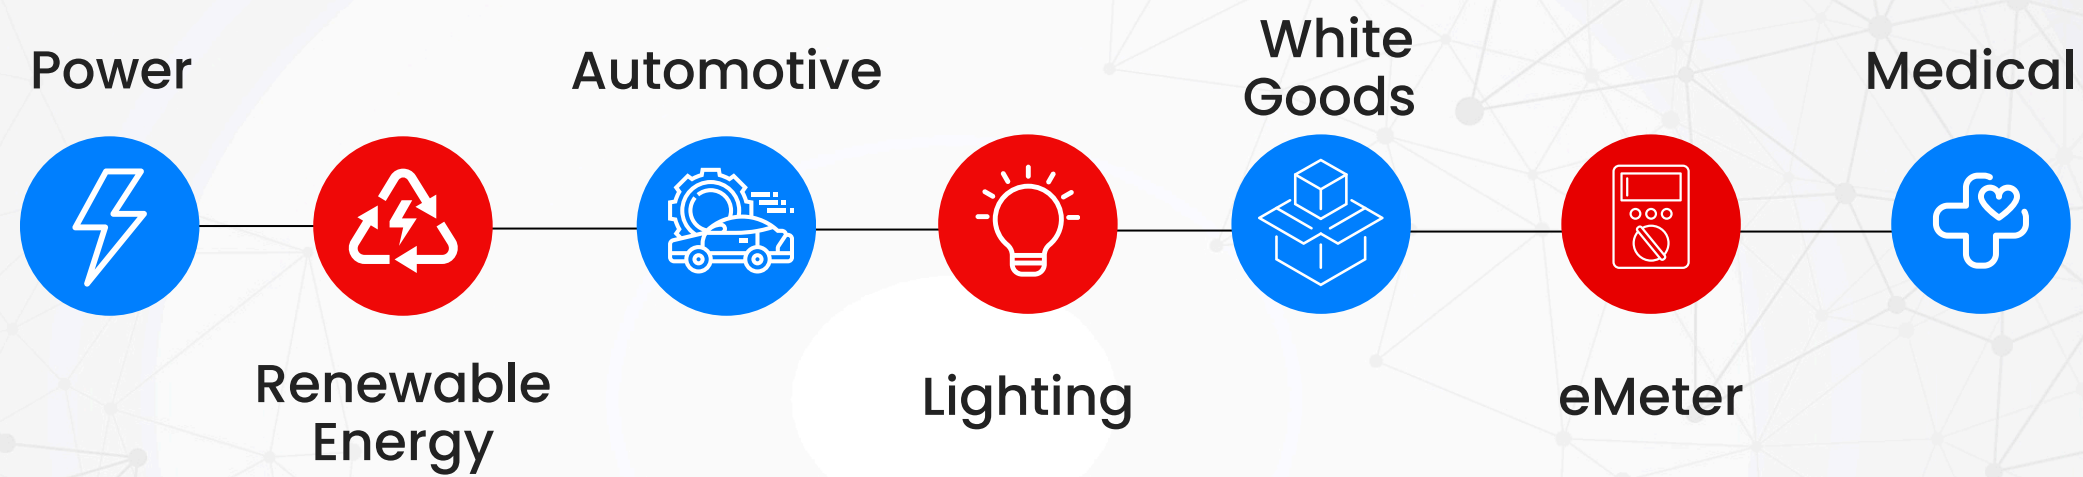

Industrial
Automation

1 Component Distribution

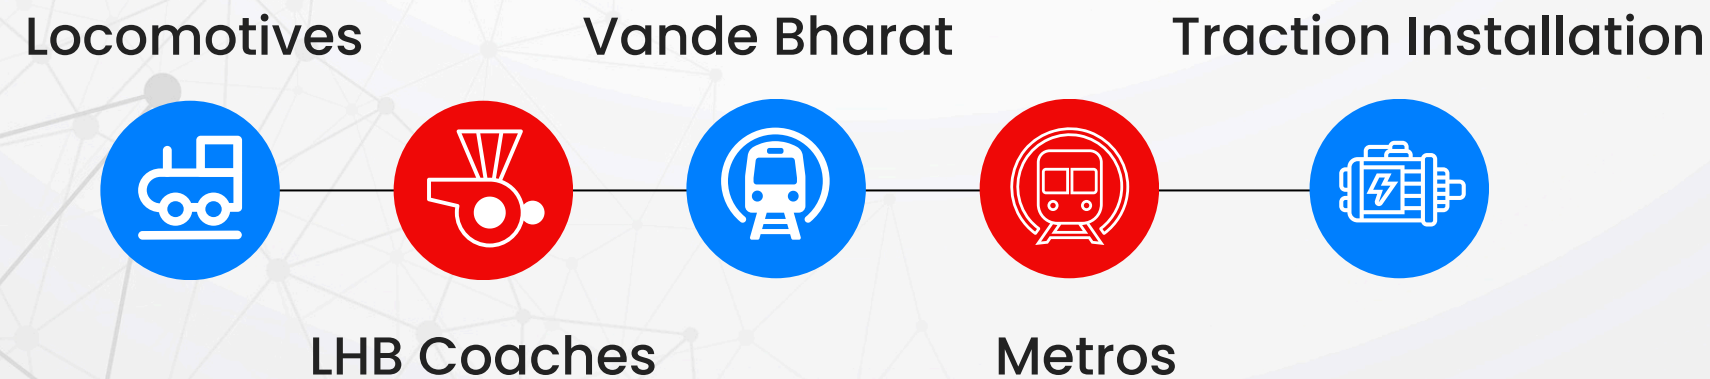

We supply electronic and electrical components to OEM and EMS companies. With a wide range of industry applications, we provide localized technical and commercial services. Trusted by over 15000 customers, we ensure a reliable supply of high-quality semiconductor components.

Industry applications:

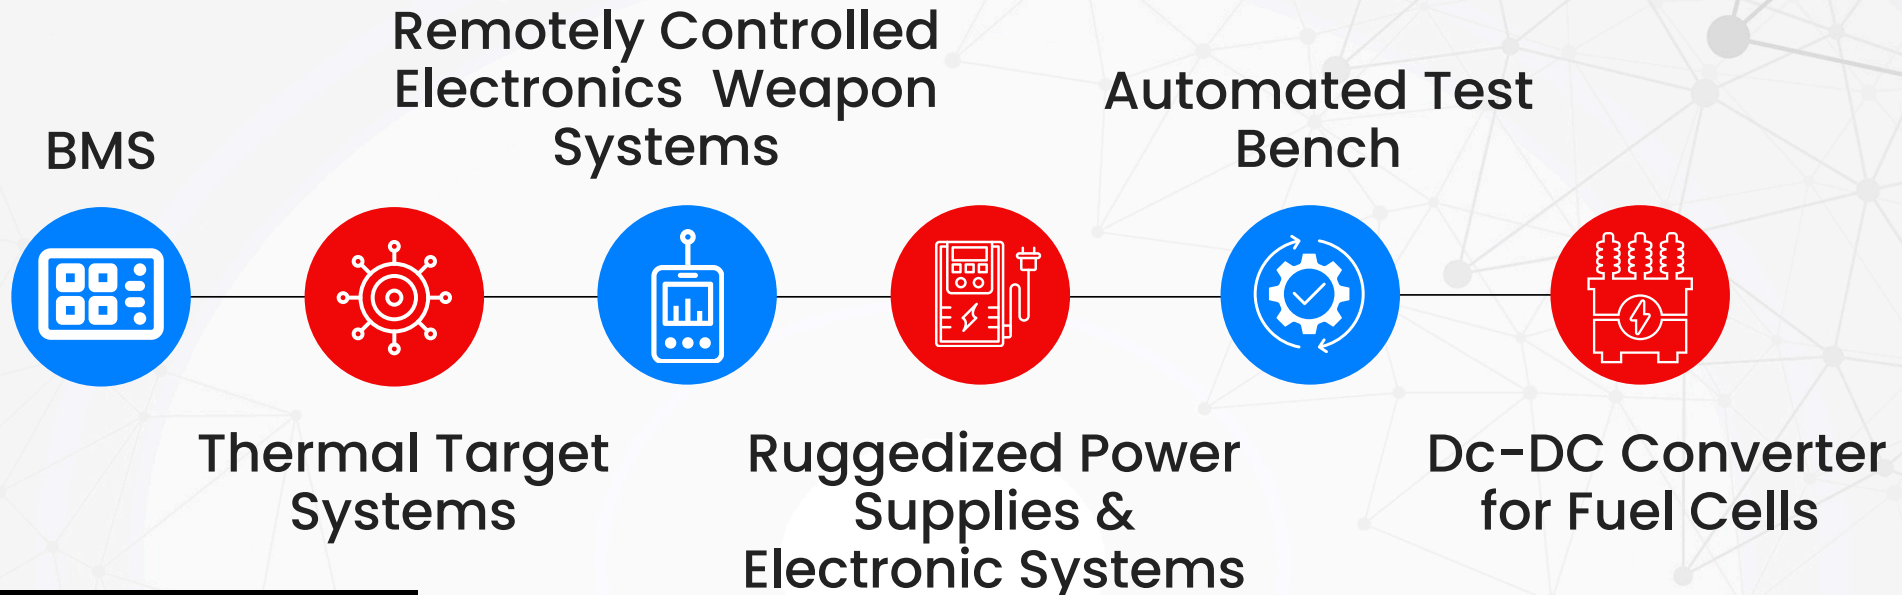

2 Railways

Arihant Electricals is committed to enhancing railway technology safety and efficiency through innovative and reliable solutions. Our extensive product range addresses critical needs in the **railway industry**:

3 Defence

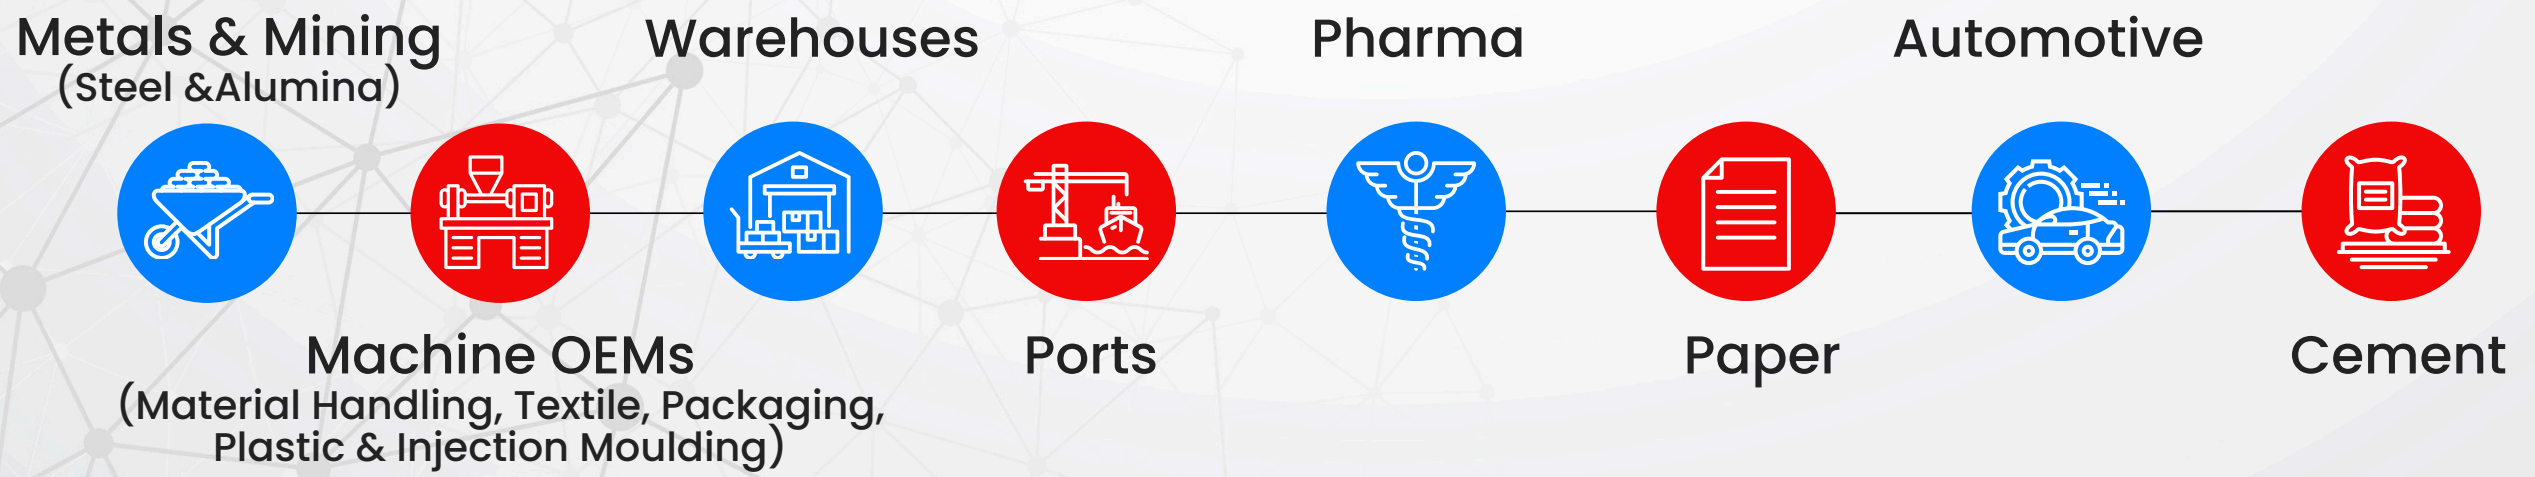

Arihant Electricals delivers cutting-edge solutions for the defence sector, improving efficiency and reliability while boosting operational capabilities. Our comprehensive product range is designed to meet the stringent demands of **defence industry:**

4 Industrial Automation

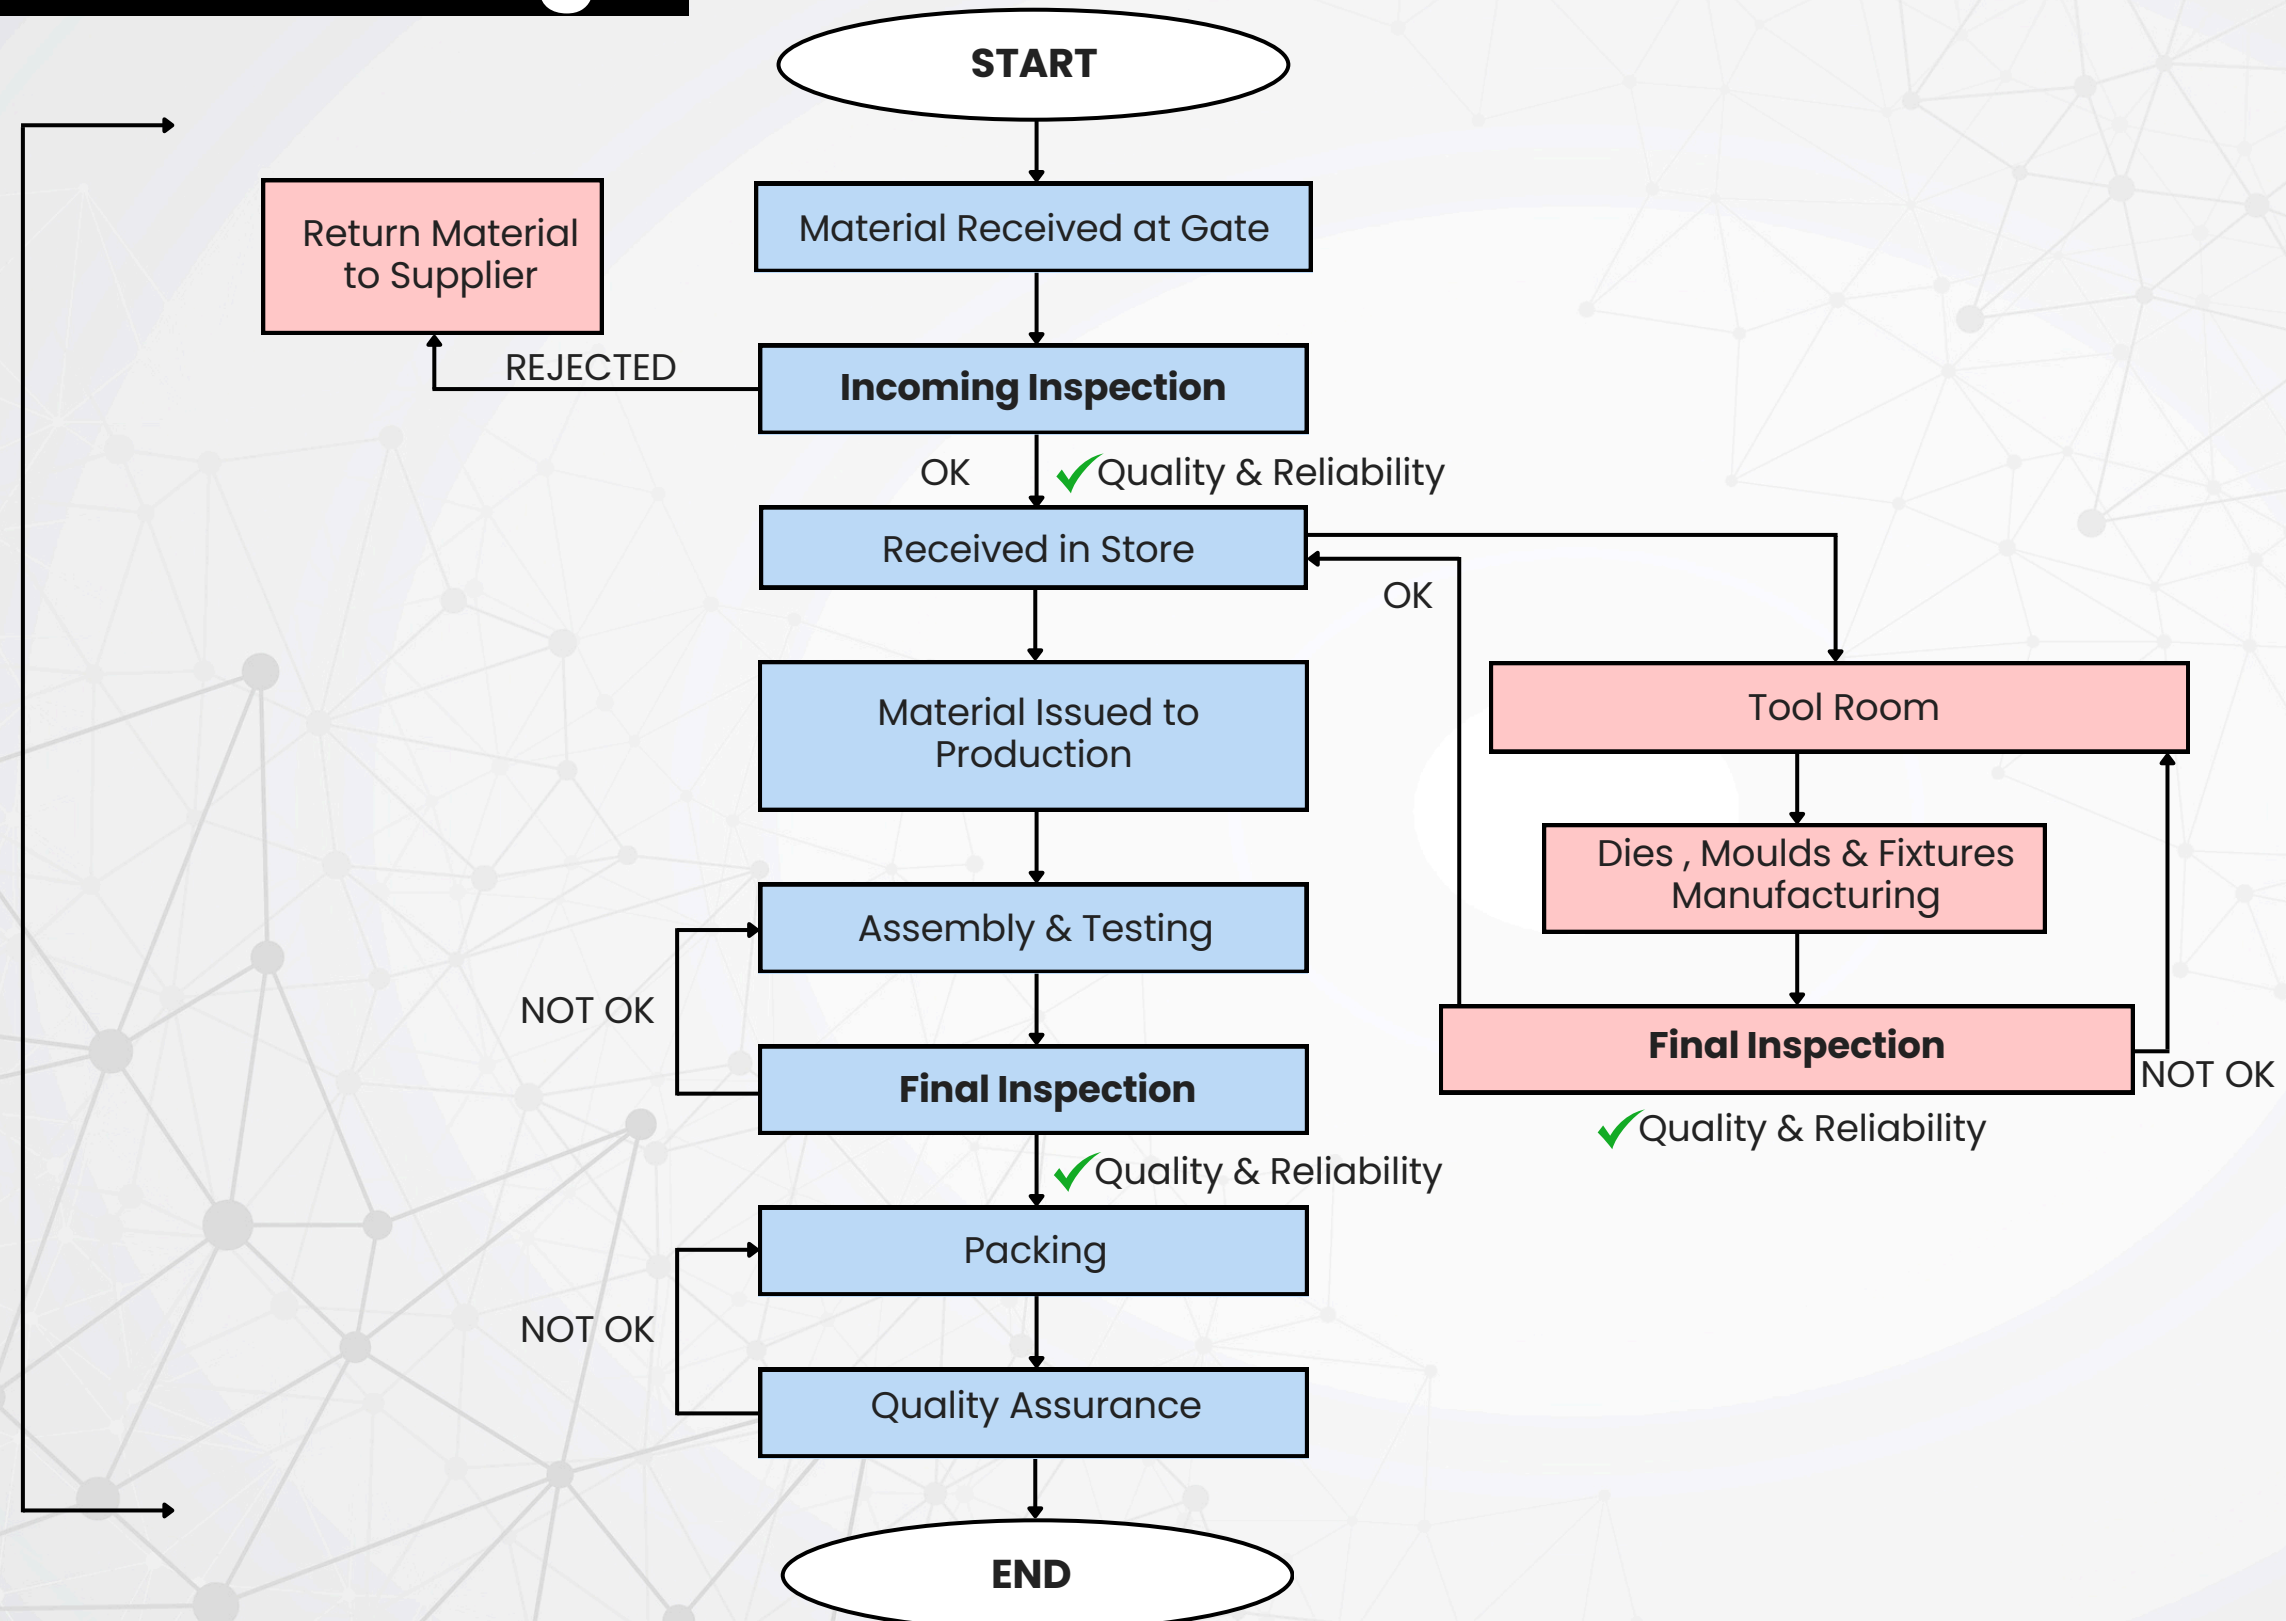

ARIHANT ELSYS PVT. LTD. uses advanced products & technology to provide industrial automation solutions, enhancing productivity, reducing downtime, and ensuring seamless integration across industries.

Industry applications:

Manufacturing

MANUFACTURING PROCESS

R&D

At the core of our innovation and development efforts, lies a dedicated and highly skilled R&D team. Our in-house competencies and resources are structured to drive technological advancements and maintain our competitive edge in the industry.

DESIGN COMPETENCIES

- 01 Analog, Digital, and Power Electronics
- 02 Embedded systems
- 03 Mechanical systems design
- 04 RF and Communication
- 05 HV electricals systems
- 06 High frequency Magnetics
- 07 Technology Evaluation and Commercialization
- 08 Prototyping & POC Development
- 09 Testing, Validation, and report documentation
- 10 EMI / EMC and Thermal Analysis
